

## Women's Health Loddon Mallee

is a regional women's health service based in Bendigo with an outreach service based in Ouyen, on the Mallee Track.

**Our vision** is to support the goal of optimal health and well being for all women in the Loddon Mallee region.

**Our Mission** is to work with women, the community and service providers, to respond to women's needs through innovation and excellence in health promotion.

**Our strategic plan** for the next three years, 2008 - 2011, states that Women's Health Loddon Mallee will:

work in health promotion including service delivery, health information and research and focus work in three key priority areas:

- Health Promotion
- Vital and Sustainable Organisation
- Women and Climate Change
